Boys & Girls Club Receives Valley United Way Grant for Seymour Program

Shelton, CT, January 13, 2014 –The Boys & Girls Club of the Lower Naugatuck Valley has received a \$2,000 Special Needs Grant from the Valley United Way for the Seymour After School Program.

For 57 years the Boys & Girls Club of the Lower Naugatuck Valley has been in the forefront of youth development, working with young people from disadvantaged economic, social, and family circumstances. We are dedicated to ensuring that all of our community’s children—especially those who need us most—have access to our Club’s quality programs and services to enhance their lives and positively shape their futures.

To have an even deeper impact on our community’s children, the Boys & Girls Club has received funding from the Valley United Way to help expand our services to Seymour through a satellite program at the Seymour Recreation Building. Programming at this site will have the same focus as our Clubhouses: academic success, good character and citizenship, and healthy lifestyles. The Seymour satellite program is a safe and affordable place for young people to learn and grow, all while having fun.

For more information about the Seymour Program, contact the Boys & Girls Club at 203-924-7462. For more information about the Boys & Girls Club of the Lower Naugatuck Valley, visit us at www.BGC-LNV.org.
